Does solar energy storage make economic sense in Canberra?
Whether or not solar energy storage makes economic sense for your home in Canberra depends first and foremost on whether or not you already have a solar system,and if you do whether or not you have access to a Territory-supported solar feed-in tariff.
Will Canberra's energy supply be future-proofed?
The ACT Government is future-proofing Canberra's energy supplyby expanding its renewable energy storage with a new partnership with global specialist energy storage business,Eku Energy,launched by Macquarie's Green Investment Group.
What is the Big Canberra battery?
The Big Canberra Battery will play a crucial role in managing peak electricity use demand and in supporting the ACT's transition to a more sustainable energy future.
