This integrated solar battery storage cabinet is engineered for robust performance, with system configurations readily scalable to meet demands such as a 100kwh battery storage requirement.

Housed in a weather-resistant IP55 cabinet, it combines a 100kWh LiFePO4 battery pack with 50kW charge/discharge capability, supporting real-time monitoring and remote control via ...

The iCON 100kW 215kWh Battery Storage System is a fully integrated, on or off grid battery solution that has liquid cooled battery storage (215kWh), inverter (100kW), temperature control ...

100KWh outdoor energy storage cabinet with external side-mounted inverter, IP55 protection, dual 600W AC cooling, optional fire extinguisher, -40? to +55? operation.

Combines lithium iron phosphate (LFP) battery packs, Inverters, BMS (Battery Management System), and EMS (Energy Management System), supporting multiple applications such as ...

Combines lithium iron phosphate (LFP) battery packs, Inverters, BMS (Battery Management System), and EMS (Energy Management System), supporting multiple applications such as peak shaving, ...

Engineered for high-capacity commercial and industrial applications, this all-in-one outdoor solution integrates lithium iron phosphate batteries, modular PCS, intelligent EMS/BMS, and ...

Optimized for commercial and industrial energy storage with 50kW rated AC power and 100kWh battery capacity.
