Why do EMS vehicles need EMS cabinets?

EMS vehicles need EMS cabinets to keep their equipment safe and secure while traveling at high speeds. These cabinets are essential because seconds count when someone's life is on the line, and the equipment needs to be easily accessible.

Are EMS cabinets custom fabricated?

At Rockland Custom Products, custom-fabricated EMS cabinets are our specialty. Therefore, to ensure all your life-saving equipment is stored safely and securely, it is best to have your EMS cabinets custom-fabricated for each individual vehicle. Our cabinets provide you the following benefits:

Why do emergency vehicle cabinets need to be easy to access?

At Rockland, we manufacture custom emergency vehicle cabinets that are not only designed for durability, but also need to be easy to access because seconds count when someone's life is on the line. Our emergency cabinet is designed from the ground up for these crucial factors.

What are emergency cabinets made of?

The emergency cabinet itself is made of a durable powder paint "emergency orange" finish designed for high visibility. Even if the power isn't working, our cabinets are equipped with GloAlert, a solution that makes labels glow-in-the-dark for easy readability.
