Industrial-grade 500kW solar + storage solution with 1104kWh high-voltage lithium battery, 720W bifacial Topcon modules, ATS switching, and intelligent EMS ...

Industrial-grade 500kW solar + storage solution with 1104kWh high-voltage lithium battery, 720W bifacial Topcon modules, ATS switching, and intelligent EMS control. Ideal for factories, microgrids, and data ...

High-capacity solar storage system cuts energy costs while ensuring uninterrupted production with clean power integration. Maximize ROI with our turnkey 500KW PV storage system, and ...

Easily upgradable from 500kW to 1MW of energy storage, storing up to 3.8MWh of energy, enough to power an average 3,600 homes for one hour.

A flexible mid-node battery energy storage system (BESS) with rapid deployment and remote monitoring - Our 500 kW/250 kWh battery solutions are backed by engineering expertise to ...

A flexible mid-node battery energy storage system (BESS) with rapid deployment and remote monitoring - Our 500 kW/250 kWh battery solutions are backed by engineering expertise to help reduce ...

Flexible and Convenient: Modular PCS allows for linear expansion of battery units and bidirectional energy storage inverter units; it possesses independent charging and discharging ...

BESS are shipped with all the components pre-installed in the factory for quicker and easier site installation (shipped using UN 3536 standards). Each BESS includes: 1. Battery Racks & ...
