MGSB#174; is a new range of secure integrated hybrid microgrid solution. With diesel generator, battery storage and solar inverter in one secure unit. MGSB#174; is mainly developed for lower emission, ...

Featuring a 60kW PCS paired with 129kWh of LiFePO4 battery storage, it delivers robust, efficient, and flexible energy management. This all-in-one cabinet design includes an integrated BMS and EMS, ...

Purpose-built for modern commercial and industrial applications, the SolaX AEILO-P60B100 combines a 60kW inverter with 100kWh of high-performance lithium iron phosphate (LFP) battery storage.

MGSB#174; is a new range of secure integrated hybrid microgrid solution. With diesel generator, battery storage and solar inverter in one secure unit. MGSB#174; is ...

Your customized battery packs will be fully certified to the highest international standards, ensuring safety, quality, and global compliance. Our comprehensive certification portfolio includes: Transport ...

Designed to support grid-tied and off-grid scenarios, the Hybrid ESS cabinet offers seamless integration and maximized space utilization, making it an ideal choice ...

As one of the pioneering EPC (Engineering - Procurement - Construction) companies, with numerous renewable energy installations across Greece, we possess the highest expertise in implementing ...

The Group has Production Licenses for equal number of Central Storage Stations, with a capacity of 225 MW and 150 MW each, in suitable areas within the Industrial Area of Alexandroupolis and Patras.
