What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What is an outdoor telecom enclosure?

Our outdoor telecom enclosures support a wide range of telecommunications and infrastructure needs: Fiber Optic Networks: From compact fiber distribution units to high-capacity data center enclosures like the AP-Data with six slack frames, our cabinets manage dark-fiber volumes with organized cable management and secure slack storage.

What is an AP utility cabinet?

The AP Utility cabinet ensures wide-ranging indoor and outdoor functionality, including power distribution, fiber termination, telecommunications, security and surveillance, cellular backhaul, industrial controls, and CATV. Ready to protect your network infrastructure with American-made quality?

At ALZ TECHNICAL DMCC, we provide robust outdoor telecom power systems designed to ensure continuous power for remote and demanding environments.

These cabinets are constructed using high-quality materials and fortified with secure locking mechanisms, tamper-evident seals, and intrusion detection systems to deter unauthorized entry.

DDB Unlimited manufactures NEMA outdoor cabinets to protect telecommunications, fiber optics, Wi-Fi and other electronics from the outdoors.
