The sucky parts were: It took, like, four months for them to ship it to me, and I lost the tape of the show pretty quickly after I got it."

When it rains, it pours, and there"s a little more bad news for Tesla investors as data from 2025 comes rolling in.

The sucky parts were: It took, like, four months for them to ship it to me, and I lost the tape of the show pretty quickly after I got it." -- u/bigdicksidekick

This is how a wind turbine captures energy from the wind. The same thing happens with a sail boat. When moving air pushes on the barrier of the sail, it causes the boat to move. The wind has ...

Image source: Tesla. Retail investors" top holding on Robinhood is a Cathie Wood favorite Which stock replaced Nvidia atop the pedestal? None other than electric-vehicle (EV) giant ...

13-year-olds at Tamaqua Area Middle School weren"t there when the county"s historic anthracite mines were still active, or when Burkhardt Moser constructed his log cabin, the first home ...

The 1959 Cadillac Cyclone was the last of a short-lived genre of "dream cars." Compact but flamboyant, the Cyclone marked the end of an era and capped Harley Earl"s career that started in Detroit in 1926. ...

What does one get the woman in their life who seems to have everything? Whether it"s her birthday, a holiday, or just because, these luxury gifts are sure to do the trick.
