Versatile Communication: Supports RS485, RS232, and CAN protocols for ...

Our 200KWh outdoor cabinet energy storage system works with PowerNet outdoor control inverter cabinets for modular expansion. This means you can meet the needs of large-scale ...

A: For the maintenance of an outdoor integrated cabinet, attention should be paid to regular cleaning, checking the air -tightness of the cabinet, and inspecting the connection of power and communication ...

The technical specification applies to the technical and service requirements of the 80 kWH Energy Storage System in terms of functional design, structure, installation and commissioning, ...

Versatile Communication: Supports RS485, RS232, and CAN protocols for seamless integration. Expandable: Connect up to 8 battery modules in series for increased capacity.

It can apply to demand regulation and peak shifting and C & I energy storage, etc. Split design concept allows flexible installation and maintenance, modular design concept is easy to integrate and extend.
