IP55 Rated | 24U | AC110V or 220V 2700BTU Cabinet Air Conditioner

Can telecommunications equipment be terminated outdoors?

One of the biggest challenges of terminating your telecommunications equipment outdoors is finding outdoor enclosures that will be able to properly withstand the elements. Temperature, moisture, ice, shock hazards, and UV damage are all potential dangers to consider before purchasing an outdoor enclosure or cabinet.

What are outdoor cabinets?

Outdoor cabinets are enclosure systems specially designed for outdoor use that protect network devices, electrical systems, and other equipment from harsh weather conditions. These cabinets are usually made of waterproof, dustproof, and temperature-resistant materials.

Available in both A/C and non-A/C configurations, these cabinets are designed to provide maximum protection, durability, and operational efficiency in the harshest outdoor environments.
