In late November 2025, the company inaugurated its third super-fast charging hub around the Summit-Fyel Bet area. Equipped with 16 AI-enabled chargers, this new hub can ...

This document is the final report of the preparatory survey on the Addis Ababa Transmission and Distribution System Rehabilitation and Upgrading Project.

The company announced that the new station, located in the Bole Anbessa Garage area, is equipped with ultra-modern European-standard fast chargers. The newly launched site boasts ...

We selected 10 models that each offer at least 1000Wh capacity. While 300-400Wh is enough for basic camping needs, we chose higher capacity units for several reasons. Higher capacity ...

Should you buy a power brick or a portable power station? Small power bricks have enough juice to charge your phone a few times, while a cooler-sized portable power station can keep vital electronics ...

The company announced that the new station, located in the Bole Anbessa Garage area, is equipped with ultra-modern European-standard fast chargers. The newly launched site ...

We selected 10 models that each offer at least 1000Wh capacity. While 300-400Wh is enough for basic camping needs, we chose higher capacity units for several reasons. Higher capacity allows longer ...
