SERMATEC, a pioneer in renewable energy solutions, has launched an innovative 5.1MW/17.8MWh commercial and industrial energy storage system in Bulgaria. This groundbreaking ...

With construction of the new facility planned for the start of 2024, it is the largest battery energy storage project already in implementation in ...

The Shanghai-based manufacturer has installed 90 SigenStacks at a solar project in Malko Tarnovo, Bulgaria, near the Turkish border. Each unit features a 110 kW hybrid inverter, ...

Bulgaria reached a critical milestone in its renewable energy transition in 2025, building 1,416 MW (1.4 GW) of new solar photovoltaic (PV) capacity -- its third consecutive year above 1 GW - bringing the ...

Sigenergy deployed a 20 MWh modular energy storage system on a solar power plant in Bulgaria, demonstrating a targeted industrial investment in high-efficiency storage technologies.

With construction of the new facility planned for the start of 2024, it is the largest battery energy storage project already in implementation in southeast Europe according to the companies.

The Shanghai-based manufacturer has installed 90 SigenStacks at a solar project in Malko Tarnovo, Bulgaria, near the Turkish border. Each unit ...

Sigenergy has deployed a 10 MW/20 MWh battery energy storage system (BESS) at a solar site in Malko Tarnovo, Bulgaria, using 240 kWh ...
