The Huijue Group Off-Grid Solution comprises three main components: photovoltaic systems, energy storage systems, and off-grid systems, enabling energy self-sufficiency.

Highjoule's Outdoor Photovoltaic Energy Cabinet and Base Station Energy Storage systems deliver reliable, weather-resistant solar power for telecom, remote sites, and microgrids.

The Association for Production, Storage, and Trading of Electricity (APSTE) has published a report on the technological development and market perspectives for the energy storage systems in Bulgaria.

It adopts door-mounted embedded integrated air conditioning, which does not occupy cabinet space, improves the available space of outdoor cabinets, has better structural integrity at the ...

Bulgaria Hybrid Energy Storage Power Station Project A new large hybrid energy project, consisting of a photovoltaic plant and a battery energy storage station, has opened in Bulgaria. ...

Seamlessly integrated into underground parking structures, our chargers offer robust, rapid, and reliable service. Each station boasts an impressive up to 160kW output, ensuring efficient power delivery with ...
