What is a Submersible waterproof rack server enclosure?

The submersible waterproof rack server enclosures are tough and rugged for industrial applications offshore oil & gas facilities, chemical plants, water treatment plants, military and other specialized applications. Call Nemaco for more information about waterproof enclosures.

What is a waterproof rack mount cabinet?

Already used throughout Europe to house servers and other rack-mountable devices, the 700 series Waterproof Rack Mount Cabinet can be supplied with a surge-protected mains power block, air circulation fan (s), and an optional heater unit for cold environments.

Why do I need a server rack keyboard tray?

I installed the server rack keyboard tray in my 42u cabinet, and it has made a big difference in keeping everything tidy. The tray slides in and out smoothly, and it feels solid enough for daily use. It saves space and makes working on the servers much more convenient, especially when I need quick access.
