Does Canberra have solar power?

Canberra ranks high for solar potential, averaging over 4.5 hours of peak sun daily. Without storage, most of that energy is exported at low feed-in tariffs--typically 7-12¢/kWh. Battery storage changes the game by allowing you to:

Are solar battery systems a trend for Canberra Homes?

Solar battery systems aren't just a trend--they're a move toward powerhouse autonomy for Canberra homes. Whether you choose Tesla, Sungrow, or one of the other reliable brands, your battery pays for itself faster when combined with a smart solar system and ACT rebates.

How can solar power save you money in Canberra?

As solar energy becomes mainstream in Canberra, homeowners are increasingly asking not just how to capture sunlight but how to store it effectively. Battery storage systems empower you to use solar power after dark, ride through power outages, and maximise savings -- especially as electricity prices continue to climb.

Does Solahart Canberra sell EV chargers?

Solahart Canberra sells and installs EV chargers across Canberra. Our range includes Tesla, GoodWe and SolarEDGE electric vehicle chargers. Get in touch for more information. Batteries allow you to store your excess solar energy and use it when you need instead of sending it to the grid.

We compare reasonable prices to pay for Tesla, Sonnen, LG Chem and Alpha ESS solar battery storage systems. Some variables to consider that may impact pricing is the location of solar battery ...
