The unit is a non-isolated bidirectional 200kW / 800V DC/DC power converter cabinet solution. Flexible design and application with its 800 Vdc maximum voltage on the high voltage side and up to 400 Adc ...

Dual DSP design provides stable and reliable performance. Reliable parallel connection capability allows for convenient power expansion, supporting up to 12 module parallel connections.

With a factory area of 26,000 square meters, it possesses state-of-the-art electronic measurement instruments, complete unit testing equipment, environmental testing facilities,as well as welding, ...

The unit is a bidirectional 200kW / 1200V wall or cabinet mountable DC/DC power converter.As a combined buck/boost air-cooled converter, it can be set up in either charging or discharging ...

These products integrate the latest energy management technologies and environmentally friendly materials, aiming to promote the green transformation of communication networks ...

Discover how advanced UPS systems protect Chile's mining, manufacturing and energy industries from costly power disruptions. Learn about tailored solutions improving operational continuity in a nation ...

The unit is a bidirectional 200kW / 1200V wall or cabinet mountable DC/DC power converter.As a combined buck/boost air-cooled converter, it can be ...
