Are IP65 electrical enclosures good?

We carry IP65 enclosures which offer complete protection against particles, and a good level of protection against water. Because all of our enclosures strictly observe the standards, you can expect first-rate and competitively-priced enclosures. Refer to the chart below for IP65 electrical enclosure specs and ratings of relative protection:

What does IP65 code mean?

The two-digit code shows the protection against particles (the first digit) and water (the second digit). IP65 electrical enclosures provide: Complete protection for the enclosed equipment from dust and other materials such as dirt, oils and non-corrosives. Protection from voltage and moving parts for people who come in contact with the enclosure.

Does NEMA manufacture IP65 enclosures?

Nema Enclosures manufactures IP65 enclosures, also known as IP65 cabinets or IP65 boxes. Contact us today for more on our IP65 electrical enclosure protection standards!

Does Bison Profab meet IP65 standards?

Bison ProFab is a leading manufacturer of high quality electrical enclosures that meet IP65 standards. International Protection (IP) standards are used to designate the protective capacity of an electrical enclosure. The two-digit code shows the protection against particles (the first digit) and water (the second digit).
