---

Outdoor IP55 cabinets act as a robust fortress, shielding the sensitive components of energy storage systems from harsh weather conditions, temperature extremes, moisture, and dust.

Double panelled, robust and sturdy aluminium extruded framework; Estap's newly designed outdoor enclosures provide maximum protection against environmental factors, vandalism, ...

Engineered with reinforced steel enclosure and IP55/IP65 protection class for dust, water, and corrosion resistance in severe climates. Combines high-voltage lithium battery packs, BMS, fire protection, ...

SCHRACK info Network wallmount 19" IP55 Outdoor Cabinets are designed for industrial applications. Based on EN60529 provides IP55 protection class against dust and water ingress. The enclosure ...

These cabinets are UV-resistant aging, corrosion-resistant, acid and alkali resistant, wind-resistant, waterproof, and shock-resistant, with a more robust and durable structure.

SCHRACK info Network wallmount 19" IP55 Outdoor Cabinets are designed for industrial applications. Based on EN60529 provides IP55 protection class against dust and water ...

Engineered with reinforced steel enclosure and IP55/IP65 protection class for dust, water, and corrosion resistance in severe climates. Combines high-voltage lithium battery packs, BMS, ...

These cabinets are designed with sealed structures, corrosion-resistant materials, and advanced thermal management systems that effectively regulate temperature and humidity within the enclosure.
