Who makes a telecom enclosure?

Bison manufactures telecom enclosures at a competitive unit cost & rapid turnaround that are used in protecting electrical equipment. Request a quote today!

Why do telecommunications companies need a custom enclosure?

Telecommunications companies rely on custom and standard NEMA-rated electrical boxes to protect their sensitive equipment. Custom enclosures are often needed because installers constantly struggle to adapt off-the-shelf products to unusual requirements. Why Choose Bison ProFab?

Why should you choose a telecommunication cabinet?

Our telecom cabinets are built to withstand the toughest conditions, ensuring your equipment stays safe and secure. Designed with user convenience in mind, our cabinets provide easy access to all your telecom equipment for quick maintenance. Choose from a variety of sizes and configurations to meet your specific telecommunication needs.

Why should you choose NEMA Telecom cabinets?

Dust and debris: Our products keep dust and foreign objects from interfering with your critical electrical systems, helping you avoid damage and interruptions. Moisture and corrosion: All of our NEMA telecom cabinets stop the rain, sleet, snow and ice from getting in, eliminating issues and losses caused by corrosion.
