Can you fabricate data cabinets for your server or networking components?

We can fabricate data cabinets to house your server or networking components with both necessary and custom features such as NEMA rating, temperature control, tamper-proofing, etc. PSLAN status reporting

Who makes a telecom enclosure?

Bison manufactures telecom enclosures at a competitive unit cost & rapid turnaround that are used in protecting electrical equipment. Request a quote today!

Why do telecommunications companies need a custom enclosure?

Telecommunications companies rely on custom and standard NEMA-rated electrical boxes to protect their sensitive equipment. Custom enclosures are often needed because installers constantly struggle to adapt off-the-shelf products to unusual requirements. Why Choose Bison ProFab?

We grow with you. Fiber Optic Cabling, connector housings, radios, and switches, our team can assemble and customize Network Cabinets for unique application in any environment.
