Will Egypt be the first hybrid solar and battery project?

"This will be the first hybrid solar and battery project in Egypt," said Terje Pilskog. Image: Scatec. Norwegian renewable power developer Scatec has signed a power purchase agreement (PPA) with the Egyptian Electricity Transmission Company (EETC) for a 1GW solar-plus-storage project currently under development in the country.

Does Scatec have a solar plant in Egypt?

Norwegian renewables developer Scatec has signed a 25-year corporate PPA for a 1.1 GW solar plant with 100 MW/200 MWh of battery energy storage in Egypt. The agreement, backed by a sovereign guarantee, is with Egypt Aluminum, the country's largest aluminum producer and industrial electricity consumer, which exports 60% of its output to Europe.

Is Scatec a leading renewables company in Egypt?

Pilskog added that the agreement underscores Scatec's position as a leading renewables company in Egypt. Last September, the company signed a 25-year solar PPA with Egyptian Electricity Transmission Co. for a 1 GW solar array with 100 MW/200 MWh of battery storage, Egypt's first hybrid solar-plus-battery project.

Norwegian renewable power developer Scatec has signed a power purchase agreement (PPA) with the Egyptian Electricity Transmission Company (EETC) for a 1GW solar-plus-storage ...

Norway's Scatec Asa has signed a 25-year power purchase agreement (PPA) with Egypt Aluminium for a 1.1 GW solar plant with 100 MW/200 MWh of battery energy storage. The agreement ...

The project, which features 540 MW of solar power and 225 MW/1,140 MWh of battery storage, is one of the world's largest hybrid solar and ...

Norwegian renewables developer Scatec has received the cabinet's approval to proceed with a major hybrid solar and battery storage project in ...

The Egyptian Electricity Transmission Company (EETC) has signed a Power Purchase Agreement (PPA) with Scatec ASA, for a total capacity of 1,950MW Solar and 3,900MWh Battery ...

Norwegian renewables developer Scatec has received the cabinet's approval to proceed with a major hybrid

solar and battery storage project in Egypt, which can produce 100 megawatts ...

The project, which features 540 MW of solar power and 225 MW/1,140 MWh of battery storage, is one of the world's largest hybrid solar and battery storage facilities. It delivers 150 MW of ...

Norwegian renewable power developer Scatec has signed a power purchase agreement (PPA) with the Egyptian Electricity Transmission Company ...
