What types of outdoor enclosures does Aze offer?

AZE offers a comprehensive range of outdoor enclosures for virtually any installation. Designed to NEMA Type 3R, NEMA Type 4 or IP rating requirements, our outdoor cabinets and enclosures protect equipment from harsh environmental conditions.

Are Aze outdoor enclosures rated NEMA 3R rated?

Built to be tough and dependable, AZE's outdoor enclosures rated NEMA 3R offer ventilated options. This does reduce the protection against windblown dust, but this protection can be enhanced by using screens and/or air filters placed in the louvered openings. NEMA 3R enclosures offer superior protection in both indoor and outdoor environments.

What EV charging solutions does ABB offer?

ABB offers a total EV charging solution from compact, high quality AC wall boxes, reliable DC fast charging stations with robust connectivity, to innovative on-demand electric bus charging systems, we deploy infrastructure that meet the needs of the next generation of smarter mobility.

What is a NEMA 4/4x enclosure?

AZE's NEMA 4/4X enclosures are for indoor and outdoor use, they provide the same protections as NEMA 3's. Windblown dust, water elements rain, snow, sleet, ice formations, ingress of falling dirt. In addition NEMA 4's protect against splashing water, such as happens when washing or spraying an enclosure.

Learn how to match rugged connector interfaces with weatherproof outdoor enclosures for telecom and edge data centers. Ensure network reliability, uptime, and serviceability in harsh ...

AZE's field-ready NEMA rated outdoor enclosures or NEMA rated cabinets are designed for harsh environments and extremely weather, from 3R to 4X, various sizes and climate controlled options for ...

Our AGV wireless charging system does not require contact, plugging or sliding to connect the charger. Efficient, unmanned automatic charging, and the AGV/AMR does not need to interrupt transportation ...

AZE's field-ready NEMA rated outdoor enclosures or NEMA rated cabinets are designed for harsh environments and extremely weather, from 3R to 4X, various ...
