What makes France a good data center market?

Paris is home to major peering exchanges, and Marseille is an up-and-coming interconnection hub. Competitive pricing: Despite being one of the largest data center markets in Europe, France's data center pricing remains competitive. This is due in part to many providers in the market.

How much does a data center rack cost?

Data Center Space - The floor space of a single rack can be as pricey as \$50 - \$200 per sq ft per year on rent or leasing costs. Power Consumption - The electricity consumption by the equipment placed in a full rack incurs an extra \$1000-\$10000 per annum in terms of power bills.

Thus, overall, the cost of the hardware, the installation, and the constant usage of the rack in one data center may vary from \$5000 to \$50000 per 12 months depending upon its specifications and the ...
