Should I buy or lease a solar system?

Solar leasing offers low or no upfront costs, system maintenance by the provider, and predictable monthly payments. Buying provides potential tax incentives, and full ownership, which can increase home value. How much can I expect to potentially save when leasing with a Sunrun Subscription?

What is solar leasing vs buying?

Solar leasing is a financing option where you pay a monthly fee to use a solar panel system installed on your home, but the solar company owns and maintains the equipment. You benefit from the solar energy produced without the upfront cost of purchasing the system. What are the benefits of solar leasing vs. buying?

Does Sunrun offer a solar lease?

Get the latest solar and battery technology with Sunrun's best selling solar lease-- a solar subscription without the costs of ownership.

How do I choose the best solar leasing company?

To choose the best solar leasing company, seek out companies that demonstrate long-term stability, backed by strong customer reviews, and included maintenance. Compare rates, system performance guarantees, and reputation for service and support.
