How much do state and local governments spend on procurement?

State and local governments spend significant portions of their budgets on goods and services--an average of \$1 out of every \$4 spent each year goes to procurement, according to an analysis of procurement data and total government spending.

What does a procurement office do?

Procurement offices oversee contracts for billions of dollars in things like personal protective equipment, office equipment, and air filtration systems. Some jurisdictions did use the opportunity to improve the procurement process itself.

Why is procurement important in a state and local government?

In today's complex fiscal environment, procurement in state and local governments must serve not only as a mechanism for acquiring goods and services but also as a strategic function that safeguards compliance, mitigates risk, promotes access, and delivers value to taxpayers.

What are government contracts?

Government Contracts aggregates all government contract opportunities in one place. Identify government contract and bid opportunities from state agencies, cities, counties, recreation and park agencies, K-12 and higher education, public utilities, and many local governments across all 50 states.
