Designed for solar power plants, this innovative solution combines advanced Lithium battery storage technology with a high-performance 500kW Hybrid Inverter. [pdf]

The 8 Station Lithium-ion Battery Charging and Storage cabinet has 8 power sockets for you to plug in 8 lithium-ion battery chargers, that's four batteries per compartment.

Lithium-ion batteries are indispensable, but their storage and especially their transport require special precautions, because battery fires are particularly dangerous and difficult to extinguish.

The LZY solar battery storage cabinet is a tailor-made energy storage device for storing electricity generated through solar systems. They assure perfect energy management to continue power ...
