It can deliver up to 222.2 kWb (Li7) or 263 kWb (Li5) in 600 mm wide cabinet. It is designed to operate at higher temperatures of up to 30 C ...

Our expertise spans HV interconnection substations, MV distribution systems, and full-scale data center infrastructure, ensuring seamless integration, scalability, and operational efficiency.

With EPC, data center developers lock in costs upfront, enabling confident capital planning and reducing the risk of budget blowouts.

This system enables 24/7 remote control and monitoring, and is designed to efficiently manage and optimize multi-MW and even GW projects, given a stable internet connection.

We create custom data center designs focused on layouts, power efficiency, cooling optimization, and scalability to meet your specific business needs. Our expert engineering ensures your ...

Introducing the Linkbasic 15U 600mm Deep Battery Cabinet, your ultimate solution for secure and efficient battery storage in data centers and IT environments. Designed for maximum performance ...

It can deliver up to 222.2 kWb (Li7) or 263 kWb (Li5) in 600 mm wide cabinet. It is designed to operate at higher temperatures of up to 30 C and optimized for either 5- or 7-minute runtime. Built with lithium ...

At EPC Power, we're focused on delivering scalable, future-ready products that allow data center developers to meet their energy needs while reducing their carbon footprint.
