Our analysts track relevant industries related to the Papua New Guinea Residential Energy Storage Market, allowing our clients with actionable intelligence and reliable forecasts tailored ...

Industry SnapshotRegulatory FrameworkGasHydropowerSolarOther RenewablesLegislative FrameworkExternal FundingAccording to the World Bank as of 2022, about 19% of PNG's population has access to electricity, but grid penetration in provincial capitals is less than 14%. PNG's per capita consumption ratio of electricity is also one of the lowest in the world. However, PNG's energy sector is currently undergoing a significant transition due to two major recent...See more on businessadvantagepng
