What is the battery type of the product? It's LiFePO4 with the advantages of high ...

The system has been productized, incorporating various components including energy storage batteries, PCS (Power Conversion System), distribution, temperature control, fire prevention, water-immersed ...

Intelligent storage cabinet_800x480 by_esp32 Download 522 File Size 6 MB File Count 1 Create Date 2022-01-06 Last Updated 2025-02-20

Safety designs such as water and electricity separation, three-level fire protection + explosion venting + exhaust, liquid cooling + dehumidification design, all ensure the safety of the energy storage ...

What is the battery type of the product? It's LiFePO4 with the advantages of high temperature resistance, strong safety stability, and better circulation performance.

Standardized and scalable design for long-lasting, intelligent energy storage. Compact footprint with high single-cell energy density. Single cabinet footprint reduced by over 20%, with multi-unit scalability for ...

Refrigerant direct cooling, high efficiency and easy maintenance 3 level fire suppression & 2 level anti-explosion design Noise level less than 60 dB(A), environment friendly Higher PCS ...

This product takes 105kW/215kWh liquid-cooled energy storage outdoor cabinet as the core equipment, and combined with the monitoring software of energy dispatch, it can manage the energy demand on ...
