Unveiling a robust 100KW/215kWh energy storage system ideal for large-scale commercial and industrial use. Experience enhanced grid stability, peak-shaving capabilities, and renewable integration.

The optical storage integrated machine integrates photovoltaic controllers and bidirectional converters to achieve an integrated solution of "light+energy storage".

With its high-capacity 207 kWh storage and a powerful 66k inverter, the GRIZZLY System ensures seamless power supply, supporting heavy machinery and critical industrial operations.

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency ...

Maximum support three sets of integrated cabinets in parallel. Intelligent fire prevention device; hot and cold air conditioning, intelligent regulation of internal ...

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions offer remote ...

Unveiling a robust 100KW/215kWh energy storage system ideal for large-scale commercial and industrial use. Experience enhanced grid stability, peak-shaving ...

Safety designs such as water and electricity separation, three-level fire protection + explosion venting + exhaust, liquid cooling + dehumidification design, all ensure the safety of the energy storage ...
