Exide Technologies has signed a new contract with an Italian foundry, specializing in structural castings for the machine and energy sectors, to deliver its Solition Mega Three, a large ...

The Italy Energy Storage Battery Cabinets Market is at a pivotal inflection point driven by accelerating renewable energy integration, grid modernization initiatives, and stringent...

Manufactured in our factories, with Italian design. We are an Italian company with a clear vision: to transform the way energy is produced, stored and used. Efficiency, savings, storage for ...

The lithium-ion battery charging cabinet is built using all-welded, 18-gauge (1mm) steel and includes a double wall with 1.5" (38mm) of insulating air space to absorb the energy of high ...

The iCON 100kW 215kWh Battery Storage System is a fully integrated, on or off grid battery solution that has liquid cooled battery storage (215kWh), inverter (100kW), temperature control and fire safety ...

It is nothing more than a large battery that accumulates electrical energy and, thanks to the integrated inverter, converts it into usable energy for production plants and charging stations. Perfect with and ...

It is nothing more than a large battery that accumulates electrical energy and, thanks to the integrated inverter, converts it into usable energy for production ...

Our "all in one" storage systems are developed and manufactured in Italy and use all high efficiency materials. The strict quality controls guarantee a long service life and a high reliability of the machines.
