-----

Kosovo will conduct its first wind power tenders in two rounds, each for 75 MW to 100 MW. The ME plans to issue the first call for qualifications in October 2024.

The new publicly owned enterprise "Energy Storage Corporation (ESC)" will operate as a joint-stock company with the Republic of Kosovo as its sole shareholder, and during the 5-year ...

Huijue Group offers industrial and commercial energy storage, PV-BESS -EV Charging, Off-grid / On-grid Microgrid, telecom site solutions, and home solar energy storage, ...

Huijue Group offers industrial and commercial energy storage, PV-BESS -EV Charging, Off-grid / On-grid ...

Kosovo has taken a significant step towards a sustainable energy future by granting its first-ever licenses for battery energy storage systems.

We've been working on containerized storage units that combine second-life EV batteries with advanced thermal management. Our pilot in neighboring Albania achieved 92% round-trip efficiency - not bad, ...

The objective of the Battery Energy Storage System (BESS) project is to support Kosovo's energy security and transition to a cleaner energy future through usage of energy storage systems for ...

Imagine energy storage hardware that adapts like water - flowing seamlessly between solar farms, factories, and homes. That's the future being built in Kosovo's R& D labs today.
