What types of outdoor display cases are available?

Browse through an array of weatherproof outdoor poster cases, outdoor message board displays, notice boards, and outdoor bulletin boards. Each display case style has unique features to meet wide-ranging outdoor display weather conditions; rain, snow, sun, wind. And a range of price points to meet budget needs.

Are solar-powered LED displays a good investment?

Our cutting-edge, solar-powered LED displays not only captivate with brilliant brightness and stunning clarity but also make a positive impact on your electricity bills. Designed for dynamic outdoor settings and expansive indoor venues, our displays offer unparalleled energy efficiency.

What are the features of the new solarfox outdoor series?

The displays also support animations and video files in MP4 format. The new SF-600 series is equipped with a robust waterproof IP56 housing. A high-quality anti-reflection glass with vandalism protection and a very high brightness for use in bright lighting conditions make the new Solarfox Outdoor series an eye-catcher.

How many data sources can be displayed on a solarfox display?

\*\*The purchase price of each Solarfox display includes a data source and slideshow. If required, additional data sources can optionally be booked in accordance with our price list. In this way, several sources (PV systems) can be visualised on one display. Please note that a maximum of 2 additional data sources can be added to the SF-100 series.
