What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What is an outdoor telecommunication enclosure?

Damage-resistant and reliable outdoor enclosures are key for outdoor telecommunication applications from cell tower sites and fiber optic networks to substations. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.

Where are outdoor Telecom enclosures made?

Every outdoor telecom enclosure we manufacture is designed, fabricated, and assembled entirely in the USA. Our commitment to American manufacturing means you receive consistent quality, faster lead times, and complete Build America, Buy America (BABA) self-certification documentation with every order.

Why should you use a telecom box?

Whether facing desert heat, arctic cold, coastal humidity, or industrial dust, these telecom boxes maintain their protective integrity. Precision-engineered gaskets and tight seals prevent water intrusion, dust infiltration, and insect penetration.

Whether you're planning a single installation or a large-scale network deployment, we deliver BABA-compliant outdoor telecom enclosures built to perform and ...

DDB Unlimited manufactures NEMA outdoor cabinets to protect telecommunications, fiber optics, Wi-Fi and other electronics from the outdoors.
