Cooperate with solar panels to form an energy-saving and green photovoltaic storage system, making it easier to build an independent energy storage system for residential and commercial use.

The ESS-GRID Cabinet series are outdoor battery cabinets for small-scale commercial and industrial energy storage, with four different capacity options based on different cell compositions, 200kWh, ...

Product Features: Standardized structure design: menu-type function configuration, photovoltaic charging module, a parallel off-grid switching module, power frequency transformer, and other com ...

The air cooling outdoor cabinet-on/off grid machine integrates energy storage batteries, PCS, EMS, DCDC, air conditioning and fire protection systems.

Standardized Structure Design: Includes energy storage batteries, power conversion systems (PCS), photovoltaic modules, and charging modules in a compact and highly efficient cabinet.

KEY STRENGTHS Support flexible expansion of PV capacity. Integrated EMS function, safe and stable. Support simultaneous access to load, battery, grid, DG, and PV.
