This innovative project seamlessly integrates a state-of-the-art solar photovoltaic (PV) carport with a high-efficiency liquid-cooled outdoor cabinet to create a smart, sustainable, and self-powering ...

All-in-one design with liquid cooled battery rack pre-installed and a plug and play interface for auxiliary power supply, communication, and DC connection, which can be installed as a ...

Our outdoor energy storage cabinet is an intelligent integrated management system that provides reliable and efficient energy storage for outdoor applications.

Engineered for high-capacity commercial and industrial applications, this all-in-one outdoor solution integrates lithium iron phosphate batteries, modular PCS, ...

It comes with advanced air cooling technology to quickly convert renewable energy sources, such as solar and wind power, into electricity for reliable storage. It is a cost-effective, efficient and reliable ...

Liquid-cooled 125kW/261kWh ESS for C& I solar storage, peak shaving, and backup. IP65-rated, smart EMS, and 8000-cycle LFP for long-lasting safety.

HyperCubeC& I: liquid-cooled outdoor cabinet for C& I--inherently safe, up to 91% efficiency, plug-and-play install, scalable expansion.

It comes with advanced air cooling technology to quickly convert renewable energy sources, such as solar and wind power, into electricity for reliable storage. It is a ...
