What is SoliTek solar & storage?

SoliTek: European Solar & Storage, Built to Endure. At SoliTek, solar isn't just a product -- it's a long-term energy strategy. As one of Europe's most advanced solar manufacturers, SoliTek develops high-performance PV panels and scalable battery energy storage systems (BESS) that lead the market in durability, safety and environmental impact.

Who makes SoliTek solar panels?

SoliTek is privately owned, 100% European Solar Technology company. Most of SoliTek glass-glass solar panels are installed in Switzerland, Italy and Germany. SoliTek produces solar panels using renewable energy - with no CO2 emission at all. Discover sustainable European manufacturer SoliTek.

Are SoliTek solar panels sustainable?

SoliTek solar panels are the first and only in the world to have the prestigious Cradle to Cradle gold certification, known as the "Oscar" of sustainability. As a manufacturer of renewable products, SoliTek goes even further. It's a net zero PV company, using exclusively 100% renewable energy in its module manufacturing.

Can SoliTek solar modules be installed on a roof?

SoliTek solar modules are so tough that they could be installed not on the roof, but instead of roof (just as roof tiles). Yet, SoliTek doesn't stop here. Their R&D team is always on for new ways to integrate solar energy to improve daily life.

Lithuania-based manufacturer of solar panels and batteries SoliTek has launched a new commercial and industrial (C& I) energy storage system, ...

Lithuania-based manufacturer of solar panels and batteries SoliTek has launched a new commercial and industrial (C& I) energy storage system, SoliTek VEGA, featuring its proprietary AI ...
