We at Unit Energy Ltd specialize in the installation and importation of renewable energy equipment since 2010. Unit Energy Ltd has established itself as one of the leading solar panels installers on the island.

The PVB 50kW/100kWh Solar Energy Storage System Integration simplifies power & backup for industrial/commercial & remote areas. The solar energy storage system is ideal for grid stability, ...

Keep track of your power usage, solar input, and battery storage in real-time through the user-friendly EcoFlow App and Web Portal. Prioritize solar energy usage and automatically charge your battery ...

In Malta the grid belongs to Enemalta Corporation. With an on-grid system, there is an option to add an energy storage system (known as a battery system). The electricity generated by the PV system will ...

Malta's sunny climate makes it a perfect candidate for photovoltaic solar energy, but the real game-changer lies in combining solar panels with advanced energy storage systems.

In Malta the grid belongs to Enemalta Corporation. With an on-grid system, there is an option to add an energy storage system (known as a battery system). The ...

Long-term flexibility: With its modular architecture, users can begin with a single 100kWh unit and expand capacity as needed. This staged investment approach makes transitioning to ...

One major advantage of a home energy storage system is that it can provide backup power during power outages. Once a power cut occurs, our smart ...
