Where can I Find my IP65 electric cabinet?

Please refer to our Privacy Policy for details on how DirectIndustry processes your personal data. Find your ip65 electric cabinet easily amongst the 15 products from the leading brands (RITTAL, SIAP+MICROS, A2S, ...) on DirectIndustry, the industry specialist for your professional purchases.

What is an IP65 enclosure?

Castors, support legs and risers. IP65 enclosures are general outdoor cabinets that provide basic waterproof protection. They are equivalent to NEMA 4 and NEMA 4X enclosures. Our enclosure designs provide high quality electrical enclosures for industrial applications that can be easily customized to meet IP65 standards at a standard-model price.

What does IP65 code mean?

The two-digit code shows the protection against particles (the first digit) and water (the second digit). IP65 electrical enclosures provide: Complete protection for the enclosed equipment from dust and other materials such as dirt, oils and non-corrosives. Protection from voltage and moving parts for people who come in contact with the enclosure.

With an IP65 rating, this enclosure is fully dust-tight and protected against powerful water jets from any direction, making it ideal for outdoor and harsh industrial environments.

Mouser offers inventory, pricing, & datasheets for IP65 Power Supplies.
