TRADEMARC POWER is a leading provider of communication infrastructure and power storage solutions in Southern Africa. With our specialized expertise, we deliver high-quality base station ...

Our solution includes advanced lithium-ion energy storage systems that work in harmony with both generator and renewable inputs. These storage cabinets capture and store excess energy, ensuring ...

Contact Zero Point Energy today to explore tailored solar and battery backup solutions that drive efficiency, resilience, and profitability in South Africa's mining sector.

Africa's rapidly growing energy demands require innovative solutions. Large energy storage cabinets are emerging as game-changers, enabling solar/wind integration while stabilizing ...

Built to withstand harsh African climatic conditions, durable modular units are the ideal choice for offices in rugged and remote mining locations. Modular buildings can also be used for storage and ablutions.

This is where modular energy storage systems with 10-year warranties become the Swiss Army knives of power solutions. Unlike traditional "one-size-fits-none" approaches, these systems arrive like ...

Our prefabricated buildings have transformed mining projects across Africa, enabling operations to expand efficiently while reducing environmental impact. Explore our case studies to see ...

TRADEMARC POWER is a leading provider of communication infrastructure and power storage solutions in Southern Africa. With our specialized expertise, we deliver high-quality base ...
