Does a modular battery cabinet protect a battery?

An essential element of any Modular Battery Cabinet or Racks is of course how well it can protect a battery. With Synerflux's innovatively designed cabinets and racks, you are guaranteed top quality Battery Protection.

Why should you choose synerflux modular battery cabinets & cabinets?

Our Racks and Cabinets also have battery hot-swapping functions with string protection and individual string disconnection so that you can easily, quickly and safely remove battery units to swap for new ones. Synerflux Modular Battery Cabinets and Racks are also specially treated to reduce the risk of electric shock and short circuit fires.

Why do we need a backup battery cabinet?

Extend UPS autonomy with external battery cabinet. Through cutting-edge research and innovation, advanced engineered power products for backup battery cabinets have become essential to our energy future. When the power goes out, battery backups ensure that the Internet, cloud-based data, financial and health records stay accessible.
