What is Nauru doing now?

After years of economic stagnation, the country is now seeing positive momentum, fuelled by large-scale infrastructure investments, renewable energy projects, and a modest resurgence in tourism. A centrepiece of Nauru's infrastructure agenda is the construction of its first international seaport in Aiwo District.

Is Nauru ready for economic revival in 2025?

Nauru is making steady progress toward economic revitalisation in 2025, with the Asian Development Bank (ADB) projecting a 2.5 per cent GDP growth for both 2025 and 2026, as outlined in the April 2025 edition of the Asian Development Outlook.

Why is Nauru economically vulnerable?

These direct flights are critical for facilitating trade, tourism, and business travel across the region. Despite these encouraging developments, Nauru remains economically vulnerable due to its narrow revenue base and ongoing reliance on fishing licences and the Australian-funded Regional Processing Centre.

What is Nauru's economic outlook for 2025?

Nauru's 2025 economic outlook reflects a nation cautiously emerging from structural limitations, leveraging strategic investments and regional partnerships to build a more sustainable and resilient future.

We are currently overseeing the installation of a 6MW ground mounted solar farm which will be in operation by the end of 2023, improving Nauru's Renewable ...

Planning a solar factory in Nauru? Learn why grid stability is a critical risk and how an independent hybrid power system ensures operational success.

This project, selected through an international tender with six proposals, will be the largest energy storage system in Central America once operational by the end of 2025.

Launched in 2019, the initiative includes the installation of a 6 MW grid-connected solar power plant and a 2.5 MWh battery energy storage system (BESS) to address the ...

Together, GHD teams New Zealand, the Philippines, Australia, and the UK, with support from local team members in Nauru, have prepared a Solar Expansion Plan and Feasibility Study for ...
