What is a lithium ion battery cabinet?

For larger businesses, this Lithium-ion battery cabinet makes the most of the clever double-wall, sheet steel design, which provides a thermal air defence to slow the advance of any battery fire. Extra space inside gives more storage options for larger batteries (think scooters, e-bikes etc) as well as the charging equ

How many lithium ion batteries can a storemasta Battery Cabinet charge?

A Storemasta lithium-ion battery cabinet can simultaneously charge multiple workplace batteries in a safe and protected environment. Storemasta offers an 8 and 18 outlet model of battery cabinet, which allows the user to charge up to 8 or 18 li-ion batteries - depending on the chosen model.

How do I order a battery in New Zealand?
