---

Welcome to the Nordic Energy Storage Supercapacitor Project - Scandinavia's answer to energy storage headaches. With renewable energy accounting for 73% of the Nordic electricity mix ...

The Elektra Energy Storage Project, Sweden's largest battery storage project, is now fully operational. Located in Landskrona, southern Sweden, the project will provide ancillary ...

From advanced storage solutions to nuclear innovation, learn how technological breakthroughs are paving the way for a more flexible, efficient and sustainable energy future.

Ingrid Capacity develop and optimise grid-scale battery energy storage and flexible assets across Europe. SEB Nordic Energy formed a ...

Developer and optimiser Ingrid Capacity and energy storage owner-operator BW ESS have been working in partnership to deliver 14 large-scale BESS projects throughout ...

From advanced storage solutions to nuclear innovation, learn how technological breakthroughs are paving the way for a more flexible, efficient and ...

This event will bring together key stakeholders from across the region to explore the latest trends in energy storage, with a focus on the ...

Ingrid Capacity develop and optimise grid-scale battery energy storage and flexible assets across Europe. SEB Nordic Energy formed a strategic partnership with Ingrid Capacity ...
