Who makes outdoor Telecom cabinets?

Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies, utilities, and network operators with BABA-compliant solutions that protect critical equipment from the harshest environmental conditions.

Are outdoor network cabinets IP rated?

In an age where outdoor connectivity is paramount, safeguarding your IoT devices and network equipment from environmental threats is no longer optional. IP Rated (NEMA) Outdoor Network Cabinets are purpose-built to withstand adverse conditions like water, dust, temperature fluctuations, and mechanical impacts.

What is an outdoor telecom enclosure?

Our outdoor telecom enclosures support a wide range of telecommunications and infrastructure needs: Fiber Optic Networks: From compact fiber distribution units to high-capacity data center enclosures like the AP-Data with six slack frames, our cabinets manage dark-fiber volumes with organized cable management and secure slack storage.

What are IP rated cabinets?

IP rated cabinets offer certified protection against environmental elements. The Ingress Protection (IP) rating determines an enclosure's ability to resist solids and liquids, while NEMA (National Electrical Manufacturers Association) standards specify resistance to corrosion, rain, and other hazards. These enclosures securely host:
