Who makes outdoor Telecom cabinets?

Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies, utilities, and network operators with BABA-compliant solutions that protect critical equipment from the harshest environmental conditions.

What is an outdoor telecom enclosure?

Our outdoor telecom enclosures support a wide range of telecommunications and infrastructure needs: Fiber Optic Networks: From compact fiber distribution units to high-capacity data center enclosures like the AP-Data with six slack frames, our cabinets manage dark-fiber volumes with organized cable management and secure slack storage.

What are NEMA rated cabinets?

Our NEMA-rated cabinets are built to withstand whatever nature delivers. Each weatherproof outdoor enclosure is rated NEMA Type 3,4,5,or 6 and undergoes rigorous field testing to ensure reliability in demanding outdoor environments.

What are AP minifort® weatherproof enclosures?

Our compact,lightweightAP MiniFort® weatherproof enclosures offer flexible mounting options -- pole,ground,or wall installation -- and provide cost-effective protection for virtually any outdoor telecom application. This multifunctional outdoor enclosure offers integrated side,front,and rear access.

Fibox provides leading wind turbine manufacturers with a selection of weather tight electrical enclosures to protect the equipment in all environments.

The Base Station Energy Cabinet is a fully enclosed, weather-resistant telecom energy cabinet designed to provide reliable power distribution and battery backup for outdoor communication networks.

From scorching desert heat to high-altitude, cold, and wet terrains, DDB enclosures ensure your critical equipment stays secure and operational. Features of our NEMA enclosures include: Engineered with ...
