Why do I need a server rack?

The walls allow for more cable management, fans and sensor accessories to be mounted. Our server racks are compatible with all leading OEM servers and equipment, such as Dell, HP and IBM. Open frame racks allow for more airflow and space while enclosed racks enhance security.

Should you buy a rack with a higher load capacity?

Purchasing a rack with a higher load capacity than necessary is recommended. One reason is because racks that are capable of being moved have lower weight capacities while in motion. Additionally, it is impossible to predict future weight needs and racks can last much longer than the equipment itself.
