Shop premium solar outdoor cabinets with IP54-IP67 protection, liquid/air cooling, and 100kW-2MW capacity. Ideal for industrial, commercial & utility-scale energy storage systems.

Combines high-voltage lithium battery packs, BMS, fire protection, power distribution, and cooling into a single, modular outdoor cabinet. Uses LiFePO4 batteries with high thermal stability, extensive cycle ...

Our footprint in these diverse regions underscores our commitment to sustainable energy solutions. Through photovoltaic projects that harness the sun's brilliance, we're shaping a greener, cleaner ...

This energy storage cabinet is a PV energy storage solution that combines high-voltage energy storage battery packs, a high-voltage control box, an energy storage PV inverter, BMS, cooling systems (an ...

Integrated & Portable Design Featuring a compact, cabinized design with robust IP54 protection, this storage cabinet is built for outdoor deployment and easy relocation. Its all-in-one architecture ...

Designed for outdoor deployment, the cabinet features weather-resistant construction, efficient ventilation or air conditioning, and options for battery and DC distribution integration. With robust ...

We are a factory specialising in the field of solar inverter and solar energy storage system. With advanced intelligent production lines and an experienced ...

This energy storage cabinet is a PV energy storage solution that combines high-voltage energy storage battery packs, a high-voltage control box, an energy storage PV inverter, BMS, cooling systems (an ...
