Where can I buy lead acid batteries in Singapore?

RS is your trusted supplier and distributor for lead acid batteries in Singapore. From sealed lead acid batteries (SLA) to deep cycle batteries for backup power, motive power, or renewable energy applications, browse our online range to find battery solutions from popular brands such as Yuasa, Siemens, Panasonic, and more.

Which batteries are available in Singapore?

In addition to the Panasonic products and Yuasaproduct that we are licensed to distribute in Singapore and regional countries. Besides, Yuasa and Yuvolt VRLA lead acid batteries and Panasonic Lithium batteries, we do have our own brand Limax LiFePO4 Lithium LFP deep cycle batteries and Spiral batteries.

What is a lead acid battery?

Lead acid batteries are a robust and cost-effective energy storage solution known for their ability to deliver high surge currents, making them ideal for applications with large power demands.

What is a flooded lead acid battery?

Flooded lead acid batteries, also known as wet cell batteries, are the most traditional type. They feature a liquid electrolyte that needs periodic topping up with distilled water to compensate for water loss during charging. These lead acid batteries are typically less expensive but require regular maintenance.
