What is Slovenia's energy industry like?

Slovenia's energy companies are active in developing innovative electricity transmission and distribution solutions, while the country's energy infrastructure is among the strongest in the region. Ministry of the Environment, Climate, and Energy Langusova 4, SI- 1000 Ljubljana, Slovenia

Does Slovenia have gas storage facilities?

Slovenia does not have gas storage facilities, and is dependent on infrastructure in Austria and Croatia. Slovenia has expressed interest in securing U.S. LNG sources via terminals in Krk, Croatia, or Rovigo, Italy, to diversify its supply. Beginning in 2027, Geoplin booked additional capacity to acquire LNG from the Krk terminal.

How much electricity does Slovenia export?

In 2011, Slovenia exported approximately 1.3GWh of electricity per year'. Slovenia has three cross-border interconnections with Austria, two with Italy and eight with Croatia, all of which are managed by ELES.

Does Slovenia have a natural gas supply contract with Gazprom?

The state-owned gas company Geoplinsigned a five-year natural gas supply contract with Gazprom in 2018 to import 600 million cubic meters of Russian natural gas per year. Russia's February 2022 invasion of Ukraine, however, forced Slovenia to reconsider its energy policy and seek alternate sources.
