We provide different design solutions for large, medium and small customers. We continue to develop and improve technology to bring a better experience to our users.

Each outdoor photovoltaic telecom energy cabinet is built for harsh outdoor telecom and edge usage, characterized by durability, flexibility, and intelligent control to provide unshakeable power supply.

They are manufactured using high-quality galvanized steel sheets, insulation wool, high-temperature resistant EPS or PU materials, featuring a double-layer thickened outer shell for a longer service life.

Designed for outdoor deployment, the cabinet features weather-resistant construction, efficient ventilation or air conditioning, and options for battery and DC distribution integration. With robust ...
